We are proud to support local!

The Silver City Food Co-op is a cooperative business. We exist to serve our member-owners. Our mission is to provide and distribute high quality products and to promote cooperative and nutritional education to our member-owners, our customers, and our community.

We achieve our mission in part by supporting many local farmers and ranchers. Because we are located in a high desert, we define local as any farm or ranch in New Mexico or in a 250 mile radius of Silver City.
